(1812-1887) Alfred KRUPP

German inventor, metallurgist,
and manufacturer. Born at Essen, Prussia
In 1852 he invented a method for
manufacturing weldless railway
ties. His steel size gun, first made
in 1842 was adopted by the
Prussian Army (1861). It was
used with much success in
the war of 1870-1871 as to

being Krupp works world-wide
farms. The Krupp works at Essen,
Aachen, Kiel and Grason in
Magdeburg employed about
43,100 persons in 1908
